Intimate Relationships, Marriages and Families - 6th edition. Shop Us With Confidence. Summary. This comprehensive introduction to marriage and the family combines the most current research base with an emphasis on family background and diversity.

Now fully revised and published by Oxford University Press, Intimate Relationships, Marriages, and Families, Ninth Edition, is an accessible, comprehensive introduction to marriage and family with a focus on strengthening families and effective coping strategies. This text combines the most current research with an emphasis on family background and diversity. Each chapter concludes with a section on public policy and critical-thinking questions.

A introductory text describing changes in intimate relationships over the life span, with sections on social and psychological perspectives, the nature of intimate relationships, marriage and family relationships, the family as a unit, and conflict in marriage. Discussions photos emphasize diversity

"For courses in Marriage and Family" Exploring How Society Impacts Our Personal Connections in the Modern World "Marriages, Families, and Intimate Relationships " explores the question: can we still find intimate relationships in our complex world? Through an examination of the influences imposed upon modern life an unpredictable economy, globalization, computerization, the all-pervasive media, etc. the text attempts to pass along lessons that help students make lasting personal connections. The Fourth Edition discusses fundamental concepts and insights across social science disciplines to answer the questions that greatly matter to students. Students are engaged by high-interest, extremely useful information that blends the authors combined strengths: teaching, consulting, counseling, researching, and publishing. The text is based in research yet remains highly readable, exploring topics of great interest to students personal lives such as intimacy, family, and personal happiness in the context of their distracted, visually oriented world. "Marriages, Families, and Intimate Relationships: A Practical Introduction," Fourth Edition is also available via REVEL, an interactive learning environment that enables students to read, practice, and study in one continuous experience. "

This comprehensive introduction to marriage and the family combines the most current research base with an emphasis on family background and diversity. It presents a positive perspective on families and focuses on the importance of public and social policy in the lives of families. Each chapter concludes with a section on public policy and critical thinking questions. The text makes research and statistics easy for students to follow and understand, and it integrates cultural diversity throughout.

This introductory textbook is for students who are interested in learning about and establishing healthy marriage, family, and intimate relationships. With divorce rates high and relationships fragile, books and courses are needed that help students address important issues regarding relationships. The readers of this text examine many important and relevant issues through the lens of theory and research and do so using a written format that is readable, understandable, and easy to apply to oneís life. It was written so that each chapter has information that readers will find helpful as they attempt to establish and maintain meaningful, healthy relationships. There are questions throughout each chapter that help readers focus not only on the material but also on how the material relates to their present and past relationship and family situations. The text provides material on the research of John Gottman, the object relations theory of Harville Hendrix, the solution- focused approach of Michele Weiner-Davis, and the PREP approach to conflict management of Markman, Stanley, and Blumberg. These and other topics discussed are very relevant to studentsí concerns and are addressed in greater depth than found in most other texts. The emphasis is not just on couple relationships but also on family relationships. Therefore, in this book there is extensive coverage of family systems theory and the influence of family rules and family structure on the development of families. There is also material on how change produces transitions in family life that must be assimilated into the family structureófor example, when a couple has their first child. Thus, both couple and family issues are addressed throughout the book. For instructors who want to focus their courses on marriage, family, and intimate relationships, this book would be an ideal choice. A study guide for students and instructional material for instructors can be obtained by visiting www.understandingrelationships.net.

This is the eBook of the printed book and may not include any media, website access codes, or print supplements that may come packaged with the bound book.
