Industrial design is a process of design applied to products that are to be manufactured through techniques of mass production. Its key characteristic is that design is separated from manufacture: the creative act of determining and defining a product's form and features takes place in advance of the physical act of making a product, which consists purely of repeated, often automated, replication.

Industrial Design. by. John Heskett. 3.62 · Rating details · 53 ratings · 1 review. The products of industry are omnipresent; at home, in the street, they form the man-made landscape of our lives. The author's highly original, broadly based approach shows how many and how diverse are the forces that have shaped the manufactured forms surrounding us during the past two centuries: the creativity of individual designers and design teams, technical innovation.

This groundbreaking anthology is the first to focus exclusively on the history of industrial design. With essays written by some of the greatest designers, visionaries, policy makers, theorists, critics and historians of the past two centuries, this book traces the history of industrial design, industrialization, and mass production in the United States and throughout the world.

With input from a diverse range of industry experts/designers, theorists, critics, historians, and curators, this anthology is the first to focus exclusively on the history of industrial design. This pioneering guide traces the entire history of industrial design, industrialization, and mass production from 1850 until today. Sixty comprehensive essays written by designers, theorists, advertisers, historians, and curators detail the most crucial movements, issues, and accomplishments of industrial design. They combine news reports on the very first design workshops, aesthetic manifestos, lectures, and more from the biggest names in the field: William Morris, Henry Dreyfuss, and Victor Papanek, to name only a few. The Industrial Design Reader is an excellent resource for educators, students, and practicing designers.
