On this I used a Honda GX31, it's a 31cc engine, 4 stroke, quiet running engine, and about 150 mpg. Golden eagle explains why a four stroke is great to use towards the bottom of the page here . Be aware when buying a GX31 that there is a tiller version and a trimmer version both will work but the trimmer style air cleaner works the best.

The best-selling Honda ever, the long-running Honda Mini Trail, was available in a huge range of models, even within each model year. The Honda Mini Trail Enthusiast's Guidecovers all Honda Mini Trails and Z50 bikes produced between 1968 and 1999. Author Jeremy Polson begins with a brief introduction of the models that led up to the Mini Trail, and then jumps into a thorough analysis of the many models and iterations that Honda has offered through the years. Despite the worldwide popularity of Honda's best-selling model, no other Mini Trail book had been published, and the accuracy of information found on the Internet is suspect at best. For Z50 collectors and enthusiasts, this book presents facts and figures found nowhere else. In addition to the hard facts regarding each model of each year, this book is filled with many rare photos that track the evolution of the Mini Trail, and unravel its mystery.

A new, comprehensive guide to motoring and transport museums offering a fresh conversation on their role and the portrayal of our motoring history. Written by a long-established motoring writer with wide experience of driving and the fettling of old cars all over the world. This new motor museum companion includes: British motoring and transport museums guide via descriptions and photographs. 90 British museums described. Comprehensive world motor museum listing: over 350 global museums cited. Out-takes from visits to selected overseas museums. Provides a glossary of old-car/motorcycle terms and types to assist the museum visitor and old car enthusiast. Discusses the museum culture and its new age. Visits to many museums by the author were self-funded: he paid his own way.
