This book explores the drama of John B. Keane and focuses on his best-

Get Free A Time To Dance Keane Morrison Family Saga 2 Anita Stansfield

known play, *The Field*, in an examination of the cultural and psychological resonances present in his work. From the changing social, political, and economic contexts of the play's genesis, to present-day austerity and malaise, *The Field* remains a popular and relevant piece of theatre, and in this publication possible motivations behind such popularity and relevance are posited. Unconscious resonant processes of identification at play within *The Field* are explored through the application of psychological and post-colonial filters, and the analysis of Keane's representations of gender, both masculine and feminine, with strong reference to socio-historical contexts throughout. By doing so, further ways of re-reading Keane's works are suggested, thereby encouraging a re-appraisal of an often critically overlooked Irish playwright. The examination of the concept of 'resonance', which is at the core of this book, provides a unique insight into Keane's drama and how it interacts with the public at large. Through the modes of analysis of *The Field* employed in this work, further methods of reading Keane's other dramas are suggested, and thus, this book is essential reading for anyone with an interest in Keane, Irish drama, or for that matter, the field of Irish studies itself.

Four years ago, the author started out on a journey to learn Irish set

Get Free A Time To Dance Keane Morrison Family Saga 2 Anita Stansfield

dancing, at an age, he says "When most men and women are pulling the stool closer to the turf fire and dreaming of life when life was young." The journey took him from Nova Scotia to Milwaukee, Killarney, Ballinasloe and many lesser-known places in between, including a "wacky little burg in the Catskills where Irish dreamers had painted green shamrocks on the pavement all up and down the principal street." Along the way, Devlin says, he met the wildest assortment of Irish and Irish-American characters imaginable and chapter by chapter, Devlin brings these fascinating people and their sometimes amusing, but always endearing, ways, close to your chair and into your heart. "Like all of us who cling to our sense of an Irish heritage," Devlin says, "Like a moth to a bright light, I am drawn to Irish ways." As a reader, if you share this life view, you will love this book.

"A hilarious account from deep inside the mind of a new set dancer progressing from his wife's reluctant partner to a fully obsessed set dancer who meets a host of entertaining and endearing characters along the way." Bill Lynch; Publisher, Set Dancing News. "Swaggering, comical, and shrewd, Devlin's memoir is an insider's entertaining tale of the oddities and magical allure of the Irish set dancing world.." Cynthia Neale; Author of the Irish Dresser and Norah.

industry and political and economic circumstances; changing stylistic features; notable and influential performers; and relationships to other genres and sub-genres. This volume features over 100 in-depth essays on genres ranging from Adult Contemporary to Alternative Rock, from Barbershop to Bebop, and from Disco to Emo.

From early accounts of dance customs in medieval Ireland to the present, Helen Brennan offers an authoritative look at the evolution of Irish dance. Every type of dance from social to traditional to clergy is included. Brennan takes care to explain the different styles and traditions that evolved from different parts of Ireland; which results in some lively discussions as people reminisce over old favorites. She also discusses how dance evolved to become such an important part of Ireland's culture and history. An appendix is offered to help explain the various steps involved in each style of dance including the Munster or Southern style, Single Shuffle, Double Shuffle, Treble Shuffle, the Heel Plant, the Cut, the Rock or Puzzle, the Drum, the Sean Nos Dance Style of Connemara, and the Northern Style.

Roosh Vörek discusses his experiences after he decided to leave his career as a scientist in Washington, DC, and take a one-way flight to

Quito, Ecuador, at age twenty-eight with aspirations to visit every country in South America.

The entire field of film historians awaits the AFI volumes with eagerness.--Eileen Bowser, Museum of Modern Art Film Department
Comments on previous volumes: The source of last resort for finding socially valuable . . . films that received such scant attention that they seem 'lost' until discovered in the AFI Catalog.--Thomas Cripps
Endlessly absorbing as an excursion into cultural history and national memory.--Arthur Schlesinger, Jr.

For many people step dancing is associated mainly with the Irish step-dance stage shows, Riverdance and Lord of the Dance, which assisted both in promoting the dance form and in placing Ireland globally. But, in this book, Catherine Foley illustrates that the practice and contexts of step dancing are much more complicated and fluid. Tracing the trajectory of step dancing in Ireland, she tells its story from roots in eighteenth-century Ireland to its diverse cultural manifestations today. She examines the interrelationships between step dancing and the changing historical and cultural contexts of colonialism, nationalism, postcolonialism and globalization, and shows that step dancing is a powerful tool of embodiment and meaning that

Get Free A Time To Dance Keane Morrison Family Saga 2 Anita Stansfield

can provoke important questions relating to culture and identity through the bodies of those who perform it. Focusing on the rural European region of North Kerry in the south-west of Ireland, Catherine Foley examines three step-dance practices: one, the rural Molyneaux step-dance practice, representing the end of a relatively long-lived system of teaching by itinerant dancing masters in the region; two, Rinceoirí na Ríochta, a dance school representative of the urbanized staged, competition orientated practice, cultivated by the cultural nationalist movement, the Gaelic League, established at the end of the nineteenth century, and practised today both in Ireland and abroad; and three, the stylized, commoditized, folk-theatrical practice of Siamsa Tíre, the National Folk Theatre of Ireland, established in North Kerry in the 1970s. Written from an ethnochoreological perspective, Catherine Foley provides a rich historical and ethnographic account of step dancing, step dancers and cultural institutions in Ireland.
