Are you in the market for buying a used RV? Do you want to purchase a motorhome but aren't sure what to look for? Do you need a helpful guide for how to buy a camper for your next family vacation? Do you want to save money on your RV purchase? You need this used RV buyer's guide! My book, Used Motorhome Buying Guide, will teach you everything you need to know about how to purchase a used RV, motorhome, travel trailer, or camper of your dreams. Your new motorhome should fit your needs as best as it can. You deserve to travel in comfort and style. Armed with the knowledge of how to get the best deal when buying a used RV, you can save precious money and time. This book will give you vital advice and guidance on how to buy a used motorhome. I am a travel writer by trade but a nomad by choice. Traveling the country by RV is one of the best ways to truly experience nature and adventure. I have lived in my share of different types of recreational vehicles, all with their own pros and cons. With this nomadic lifestyle comes the challenges of repairs and maintenance of a home on wheels. This book is the culmination of what I have learned about the best practices of how to buy a used RV. The first section of this book is all about the basic factors of RVs. It is important for you to understand all the basics surrounding motorhomes. I help you understand the different types of motorhomes, the features of each type, and the benefits. We also look at the features to expect in an RV and factors to consider before deciding to buy a used RV. I help you compare the benefits of buying a used RV versus buying a new one. This way, you have a clear perspective on your options. In the second section of the book, you are introduced to RV inspections. When purchasing a used RV, the value you get depends on your inspection process. We help you prepare a detailed checklist of everything you desire in an RV. For you to find an RV that matches your needs, you must start by preparing a detailed list of all your needs and expectations. From this list, I help you figure out the features that are the most important and the ones that are not necessary. In the third section, we focus on testing the features of the RV and authenticating the legality of the ride. For anyone looking to buy a used RV, this is one of the most important sections. You can't get a good deal unless you know how to inspect the used RV and test the features. The book outlines the tricks and tips used to detect faults in the plumbing and electrical systems of the RV. We look at the best way to test drive a used RV and the features to focus on during test drives. We detail the secrets used by RV dealers to hide problems and how to uncover any hidden issues. In the fourth section of the book, we look at all the legal matters that affect used RVs. I help you understand the possibilities of buying an RV that is involved in crime or accidents. We look at some of the ways you can authenticate and verify the legality of an RV. Finally, we look at the risks and precautions involved in buying used RVs. Generally, this last section just helps sum up all the dangers involved in buying used RVs. If you are looking to purchase a used RV, a new RV, or to learn more about RVs, this book is for you. I am sure you have learned a lot, and you are on the path to find the best ride for you and your family. As a BONUS, I have provided you with a detailed checklist to take along with you as perform your pre-purchase inspection. Instructions on obtaining a printable checklist are included. You will want to click "Buy Now" and add this title to your collection and I promise to save you money, headache and frustrations from buying a lemon.

Dispensing with the obscure and hard-to-find wines covered by so many critics and wine guides, Master Sommelier Andrea Robinson showcases the most popular and available wines in stores and restaurants. Her tasting notes and reviews include popular ratings from consumers and experts who contribute reviews on her website, www.andreawine.com. In addition to ratings of more than 800 wines, the book is packed with quick-reference tools including Best-Of lists of the top-scoring wines in each grape and style, Cuisine Complements wine and food pairing suggestions, an invaluable restaurant wine list decoder, and a mini-course to get readers quickly up to speed on wine basics. It's all in a fun-to-read, handy pocket-purse-glovebox-sized format.

Do your homework to determine the best value with this annually updated buying guide from "Consumer Reports." Includes information on what's new in home entertainment, vehicles, appliances, and home office equipment. Ratings, charts and index.
