Black Garden: Armenia and Azerbaijan through Peace and War ...

DeWaal's book is not a historical account but is deceptively similar. Black Garden blends history and extensive journalism--the culmination of his numerous forays into the Nagorny Karabakh Republic (NKR) statelet, Armenia and Azerbaijan--and presents a delicately balanced look at the frozen post-Soviet conflict.

What International Audiences Need to Understand About the ...

The heart of the war is Nagorno-Karabakh, a beautiful highland region—its name literally means “mountainous black garden”—that plays a powerful role in the romantic imagination of both countries.

“Brilliant.”—Time “Admirable, rigorous. De Waal [is] a wise and patient reporter.”—The New York Review of Books “Never have all the twists and turns, sad carnage, and bullheadedness on all side been better described—or indeed, better explained... Offers a deeper and more compelling account of the conflict than anyone before.”—Foreign Affairs Since its publication in 2003, the first edition of Black Garden has become the definitive study of how Armenia and Azerbaijan, two southern Soviet republics, were pulled into a conflict that helped bring them to independence, spell the end the Soviet Union, and plunge a region of great strategic importance into a decade of turmoil. This important volume is both a careful reconstruction of the history of the Nagorny Karabakh conflict since 1988 and on-the-spot reporting of the convoluted aftermath. Part contemporary history, part travel book, part political analysis, the book is based on six months traveling through the south Caucasus, more than 120 original interviews in the region, Moscow, and Washington, and unique historical primary sources, such as Politburo archives. The historical chapters trace how the conflict lay unresolved in the Soviet era; how Armenian and Azerbaijani societies unfroze it; how the Politburo failed to cope with the crisis; how the war was fought and ended; how the international community failed to sort out the conflict. What emerges is a complex and subtle portrait of a beautiful and fascinating region, blighted by historical prejudice and conflict. The revised and updated 10th-year anniversary edition includes a new forward, a new chapter covering developments up to 2011, such as the election of new presidents in both countries, Azerbaijan’s oil boom and the new arms race in the region, and a new conclusion, analysing the reasons for the intractability of the conflict and whether there are any prospects for its resolution. Telling the story of the first conflict to shake Mikhail Gorbachev's Soviet Union, Black Garden remains a central account of the reality of the post-Soviet world.

In this fascinating book, noted journalist Thomas de Waal--author of the highly acclaimed Black Garden--makes the case that while the Caucasus is often treated as a sub-plot in the history of Russia, or as a mere gateway to Asia, the five-day war in Georgia, which flared into a major international crisis in 2008, proves that this is still a combustible region, whose inner dynamics and history deserve a much more complex appreciation from the wider world. In *The Caucasus*, de Waal provides this richer, deeper, and much-needed appreciation, one that reveals that the South Caucasus--Armenia, Azerbaijan, and Georgia, and their many smaller regions, enclaves, and breakaway entities--is a fascinating and distinct world unto itself. Providing both historical background and an insightful analysis of the period after 1991, de Waal sheds light on how the region has been scarred by the tumultuous scramble
