PREFACE. THE
Author of this very
practical treatise on

Read Book

Canon Ir2016

Scotch Loch - Fishing desires clearly that it may be of use to all who had it. He does not pretend to have written anything new, but to have attempted to put what he has to say in as readable a form as possible. Everything in the way of the history and habits of fish has been studiously

Read Book

Canon Ir2016

avoided, and technicalities have been used as sparingly as possible. The writing of this book has afforded him pleasure in his leisure moments, and that pleasure would be much increased if he knew that the perusal of it would create any bond of sympathy between

Read Book

Canon Ir2016

himself and the angling community in general. This section is interleaved with blank sheets for the readers notes. The Author need hardly say that any suggestions addressed to the case of the publishers, will meet with consideration in a future edition. We do

Read Book

Canon Ir2016

not pretend to write or enlarge upon a new subject. Much has been said and written-and well said and written too on the art of fishing but loch-fishing has been rather looked upon as a second-rate performance, and to dispel this idea is one of the objects for which this present

Read Book

Canon Ir2016

treatise has been

written. Far be it from
us to say anything

against fishing,

lawfully practised in

any form but many

pent up in our large

towns will bear us out

when we say that, on

the whole, a days loch-

fishing is the most

convenient. One great

matter is, that the

loch-fisher is depend-

Read Book

Canon Ir2016

ent on nothing but
enough wind to curl
the water, -and on a
large loch it is very
seldom that a dead
calm prevails all day,
-and can make his
arrangements for a
day, weeks
beforehand whereas
the stream- fisher is
dependent for a good
take on the state of
the water and

Read Book

Canon Ir2016

however pleasant and easy it may be for one living near the banks of a good trout stream or river, it is quite another matter to arrange for a days river-fishing, if one is looking forward to a holiday at a date some weeks ahead. Providence may favour the expectant angler with a good

Read Book

Canon Ir2016

day, and the water in order but experience has taught most of us that the good days are in the minority, and that, as is the case with our rapid running streams, -such as many of our northern streams are, -the water is either too large or too small, unless, as previously remarked, you live

Read Book

Canon Ir2016

near at hand, and can catch it at its best. A common belief in regard to loch-fishing is, that the tyro and the experienced angler have nearly the same chance in fishing, -the one from the stern and the other from the bow of the same boat. Of all the absurd beliefs as to loch-fishing, this is

Read Book

Canon Ir2016

Ir2016 Service

Manual

one of the most absurd. Try it. Give the tyro either end of the boat he likes give him a cast of ally flies he may fancy, or even a cast similar to those which a crack may be using and if he catches one for every three the other has, he may consider himself very lucky. Of course there are lochs

Read Book

Canon Ir2016

where the fish are not abundant, and a beginner may come across as many as an older fisher but we speak of lochs where there are fish to be caught, and where each has a fair chance. Again, it is said that the boatman has as much to do with catching trout in a loch as the angler.

Read Book

Canon Ir2016

Well, we dont deny that. In an untried loch it is necessary to have the guidance of a good boatman but the same argument holds good as to stream-fishing...

When Gameknight999 is accidentally teleported into his favorite video game,

Read Book

Canon Ir2016

Minecraft, he discovers that all of the monsters in the game are alive and must make friends and work as part of a team to survive.

The key to thwarting a terrorist plot is buried deep in the subconscious of a schizophrenic girl. A US agent has to race
