## Read Book Canon Rebel T2 Manual

This book covers the practical aspects of using the camera for a variety of different applications, and is fully illustrated with a combination of attractive photographs and easy-to-follow diagrams and advice on getting the best from the camera in any given situation. This incredibly popular book covers the practical aspects of using the EOS 300X / Rebel T2 for a variety of different applications. It discusses the camera's range of powerful features, expanded shooting modes and state-of-the-art autofocus. It is fully illustrated with a combination of attractive, informative photography, easy-to-follow diagrams, convenient flexibound binding for ease of use and additional advice on getting the best from your camera in any given situation.

This book is for anyone who upgrades from their point-and-shoot, or for anyone who wants to jump into photography with the control and capabilities of a powerful DSLR. There's the manual, of course, as well as competing books, and while they all explain, often in 400+ pages, what the camera can do, none of them shows exactly how to use the camera to create great images! This book has one goal: to teach Canon T2i / 550D owners how to make great shots using their camera. Everything in the book is in service of creating a great image. Starting with the top ten things needed to know about the cam.
