HOW CAN ONE GIRL SAVE AN ENTIRE WORLD? To the nobles who live in Benden Weyr, Lessa is nothing but a ragged kitchen girl. For most of her life she has survived by serving those who betrayed her father and took over his lands. Now the time has come for Lessa to shed her disguise--and take back her stolen birthright. But everything changes when she meets a queen dragon. The bond they share will be deep and last forever. It will protect them when, for the first time in centuries, Lessa's world is threatened by Thread, an evil substance that falls like rain and destroys everything it touches. Dragons and their Riders once protected the planet from Thread, but there are very few of them left these days. Now brave Lessa must risk her life, and the life of her beloved dragon, to save her beautiful world. . . . "From the Trade Paperback edition.

This volume includes the first three books in the popular science-fiction Dragonriders of Pern series: Dragonflight, Dragonquest, and The White Dragon.

On the beautiful planet Pern, colonized for centuries, Land Holders and Craftsmen have traditionally tithed food and supplies to the dragonweyrs to which they are bound. In times past, the mighty telepathic dragons and their riders were the only protection from the dreaded, life-threatening Thread. But it has been over 400 years since the last Threadfall, and some people have come to doubt that the menace will every strike again. But F'lar, rider of Pern's greatest bronze dragon, has no such illusions. The Red Star is near; Thread will fall soon.

'Anne McCaffrey, one of the queens of science fiction, knows exactly how to give her public what it wants' The Times _____ Another Turn, and the deadly silver Threads began falling again. So the bold dragonriders took to the skies and their magnificent dragons swirled and swooped in space, belching flames that destroyed the shimmering strands before they reached the ground. But F'lar knew he had to find a better way to protect the peoples and lands of Pern, and he had to find it before the rebellious Oldtimers could breed any more dissent...before his brother F'nor would be foolhardy enough to launch another suicide mission...and before the mercurial fire lizards could cause even more trouble.

A collection of short works about Pern features tales of the time of Pern's first Threadfall
