As Miri spends more time with the girls, she starts to suspect that they are part of a long-buried secret, and that the key to solving it rests in her and the sisters' hands. With her new friends at her side, Miri must gather all her strength to solve the mystery--and finally make her way back home. Not long after their confinement begins, Saren's suitors arrive--one welcome, the other less so--and she orders Dashti to speak to them. Although readers and filmgoers are strongly familiar with Disney's sanitized child-centric fairy tales, they are quick to catch on to reworkings of classic tales into a contemporary context. The rise is such retellings seems to indicate that readers are hungry for a new narrative, one that hearkens back to the old yet moves the storyline forward to reflect conditions of the modern world. No mere escapist fantasies, the reimagined fairy tales of the late 20th and early 21st centuries reflect social, political and cultural truths. Sixteen essays consider fairy tales recreated through short stories, novels, poetry, and the graphic novel from both best-selling and lesser-known writers, applying a variety of perspectives, including postmodernism, psychoanalysis, Marxism, feminism, queer theory and gender studies. Along with the classic fairy tales, fiction from writers such as Neil Gaiman (Stardust) and Gregory Macquire (Wicked) is covered.
