Eric, stylized as Faust Eric, is the ninth Discworld novel by Terry Pratchett. It was originally published in 1990 as a "Discworld story", in a larger format than the other novels and illustrated by Josh Kirby. University Challenge is one of the world's top quiz shows, enjoyed by millions, both participants and observers. But Discworld fans may feel that not many questions cover the real questions in Life, for example, Who or what could be seen as the inspiration for the near-tragic accident from which nanny Ogg is saved only be a special willow-reinforced hat made for her by Mr Vernissage of Slice? And give a plausible origin for Mrs Rosie Palm, proprietor of the famous House of Negotiable Affection in the Shades. Each Faculty at the Unseen University has provided a set of questions, and answers are included for those who are not sure how the poisonous effects of quicksilver fumes are an occupational hazard of magic-users. The questions have been compiled by Mr David Langford, who knows quite as much - and arguably more - about the Discworld as its Creator, and Terry Pratchett has provided an Introduction.

Excerpt: A Tourist Guide To Lancre is the third book in the Discworld Mapp series, and the first to be illustrated by Paul Kidby. As with the other maps, the basic design and booklet were compiled by Terry Pratchett and Stephen Briggs. The Mapp shows the mountain country of Lancre, with the Rantops drawn in a vertigo-inducing perspective shot, rather than as a relief diagram. The accompanying booklet details the history, geography and folklore of the country, with contributions from both Gytha Ogg (anticipating the style of Nanny Ogg's Cookbook) and Eric Wheelbrace, the Discworld's most famous hillwalker (a parody of Alfred Wainwright). The Death series is one of the trilogies which make up the Discworld books. File: TCoM.cover.jpgCover of an early edition of The Colour of Magic; art by...

Terry Pratchett's Discworld series is a publishing phenomenon around the globe. Three dozen novels over the past 20-odd years have delighted millions of readers. Here, avid fan and fantasy author Watt-Evans offers 62 chapters describing the Discworld for fan and neophyte alike, with a chapter-by-chapter chronological account of how each novel has altered and added to the whole, a taxonomy of the various sub-series and extensive comments on 'How It All Works' and 'What It All Means'.

Unseen University are proud to present the most comprehensive map and guide to the Disc yet produced. In this noble endeavour, drawing upon the hard won knowledge of many great and, inevitably, late explorers, one may locate on a detailed plan of our world such fabled realms as the Condiment Isles, trace the course of the River Kneec as it deposits silt and border disputes in equal abundance on the lands either side, and contemplate the vast deserts of Klatch and Howndaland - a salutary lesson in the perils of allowing ones goats to graze unchecked. This stunning work brings to life the lands and locations of the Discworld stories in a way never seen before. Accompanied by lavish full-colour illustrations and a detailed world map, this is a must-have for any Discworld fan.

This collection of new essays applies a wide range of critical frameworks to the analysis of prolific fantasy author Terry Pratchett's Discworld books. Essays focus on topics such as Pratchett's treatment of noise and silence and their political implications; art as an anodyne for racial conflict; humor and cognitive debugging; visual semiotics; linguistic stylistics and readers' perspectives of word choice; and Derrida and the "monstrous Regiment of Women." The volume also includes an annotated bibliography of critical sources. The essays provide fresh perspectives on Pratchett's work, which has stealthily redefined both fantasy and humor for modern audiences.

Constructing a functional system of magic that helps readers suspend disbelief is a crucial part of worldbuilding in the fantasy genres. Yet creating a believable, compelling and original fictional universe can be daunting. To help inspire writers, this guide provides an overview of how magic has been understood in history and used in myth, legend and modern fiction. Different forms of magic are explored and a broad range of stories—from Nordic myths to modern novels—are described and referenced. Discussion explores how magic as a concept shapes, and is shaped by, fictional worlds and societies.
