This book on stock market investing gives you all the techniques and understanding you need to find that "hot stock," that can outperform the market. The book was written by a professional stock trader to simply tell his assistants how to pick stocks. The techniques are simple to understand and simple to use. Stock picking and stock trading is illustrated by taking a specific stock as an example for a period of years and showing you how to do it yourself. Discover how the stock market works, what to buy and when to sell.

How to make money investing in high-quality, low-risk stocks Purple Chips presents a unique stock-picking method based on identifying great companies based on simple visual examinations of financial health, applying three basic criteria to distinguish high-performing purple chip stocks from mere blue chip investments. The book also delves into the psychology of investing, arguing that most investors are better suited to winning small gains often and losing occasionally, rather than taking small losses often and winning big from time to time. In seven succinct chapters that feature plenty of helpful examples, graphs, and charts, author John Schwinghamer presents a simple and effective way to win with stocks. For more information, please visit www.PurpleChips.com.

SUPERANNO In this fully updated edition, trend following expert Michael Covel introduces the traders and fund managers who have been using this strategy for decades, adding brand-new profiles such as David Harding, who manages \$10 billion plus dollars through his London-based trend following firm. Then, Covel walks you through all the concepts and techniques you need to use trend following yourself. One step at a time, one simple chart at a time, you'll learn how to understand price movements well enough to profit from them consistently--in any market. Original.
