The costs of failure to manage health and safety successfully are high. This manual was prepared by HSE's Accident Prevention Advisory Unit as a practical guide for directors, managers and health and safety professionals intent on improving health and safety performance. The advice given here will be increasingly used by HSE inspectors as a basis for testing the performance of organizations against the general duties of the Health and Safety at Work etc Act 1974.

Offers guidance for employers and self employed people in assessing risks in the workplace. This book is suitable for firms in the commercial, service and light industrial sectors.

"It goes a long way in mapping out the agenda for health and safety professionals in this most dangerous and populous industry." Annals of Occupational Hygiene, Derby, United Kingdom Changes in working practices and conditions in the construction industry over the past decade have meant that the competent authorities, health and safety committees, management or employers' and workers' organizations, in particular, should take a fresh look at such aspects as the safety of workplaces, health hazards, and construction equipment and machinery. This code of practice takes account of new areas in the sector which require improved health and safety practices and other protective measures.

This publication is aimed at managers in all industries. It explains why human factors are important in health and safety and how they need to be assessed and managed in the same way as other risk factors. It gives practical advice on how to develop systems designed to take account of human capabilities and fallibilities.

Provides an overview of performance measurement for policy makers and senior managers. The companion paper (On target: the practice of performance indicators) is aimed at managers who are responsible for devising performance indicators.

The Health and Safety (First Aid) Regulations 1981 apply to workplaces in the UK, including those with less than five employees, and to the self-employed.

Aims to help those who organise music events so that the events run safely.
