Financial Management: Theory and Practice celebrates the 23rd Anniversary of its publication. Over these two decades, Indian business and finance have considerably changed owing to deregulation, liberalisation, privatisation, globalisation, and the ascendance of the services sector. The book has kept pace with these changes and captures the central themes and concerns of corporate financial management-making it both contemporary and comprehensive. The book seeks to: *Build understanding of the central ideas and theories of modern finance* Develop familiarity with the analytical techniques helpful in financial decision making *Furnish institutional material relevant for understanding the environment in which financial decisions are taken *Discuss the practice of financial management.

This text book discusses comprehensively, all aspects of financial management under the major themes of valuation, financial analysis and planning, capital budgeting, financing capital budgeting, long-term financing, working capital management, dividend decisions, corporate restructuring, risk management, and international finance. With numerous examples, illustrations, cases, and exercises, along with Excel application, it focuses on equipping the readers with theories, concepts, tools and techniques that can be used for effective decision making in this area. Developed primarily for the students of business management, it will be equally useful for the students of other disciplines having a course on financial management. The book offers: • Complete chapters on Financial Management for Government Companies and Financial Analysis and Modeling Using Spreadsheets (on CD) • More than 200 solved and 300 unsolved problems • Excel application – with focus on developing Excel templates for problem solving • Rich in-text features for better classroom discussion and immersive learning experience – ‘Pause and Think’, Project Work, chapter-end exercises and cases • CD with supplementary resources – two additional chapters, solutions manual, excel templates, question bank (objective questions with answers), tables to record one’s level of understanding • Online Learning Centre (OLC) with further supplementary material
