When a depressed, alcoholic single mother disappears, everything suggests suicide, but when her body is found, Icelandic Detective Elma and her team are thrust into a perplexing, chilling investigation.

\_\_\_\_\_ When single mother Mari ?anna disappears from her home, leaving an apologetic note on the kitchen table, everyone assumes that she's taken her own life ... until her body is found on the Gra ?bro ?k lava fields seven months later, clearly the victim of murder. Her neglected fifteen-year-old daughter Hekla has been placed in foster care, but is her perfect new life hiding something sinister? Fifteen years earlier, a desperate new mother lies in a maternity ward, unable to look at her own child, the start of an odd and broken relationship that leads to a shocking tragedy. Police officer Elma and her colleagues take on the case, which becomes increasingly complex, as the number of suspects grows and new light is shed on Mari ?anna's past - and the childhood of a girl who never was like the others... Breathtakingly chilling and tantalisingly twisty, *Girls Who Lie* is at once a startling, tense psychological thriller and a sophisticated police procedural, marking Eva Bjo]rg Aegisdottir as one of the most exciting new names in crime fiction. \_\_\_\_\_
