Justine's will be committed to rigidly following all CDC guidelines, and have implemented our own extra safety measures as well. We have embraced new hours and a refined layout that celebrates intimacy in an expanse. Tables are at least 7 feet apart, and in some cases 12 feet.

Justine's attachment to virtue attracts nothing but misfortune, and she is subjected to an unending catalogue of sexual abuse. Sade's best-known novel, it overturns all religious, moral, and political norms, and still has the power to shock. This new translation of the 1791version is the first for over 40 years, and the first critical edition.

NEW YORK TIMES BESTSELLER A one-woman media phenomenon and a leading YouTube influencer takes readers behind the camera, and deep inside her world. Justine Ezarik has been tech-obsessed since unboxing her family's first Apple computer. By sixth grade she had built her first website. A decade later, she became one of the Internet's first-and most popular--"lifecasters," inviting people around the world to watch her every move, twenty-four hours a day, seven days a week. But it was a one-minute video about an itemized AT&T bill that gave Justine her first taste of viral success: Within ten days of release, her "300-page iPhone bill" had garnered more than 3 million views and international media attention. These days, iJustine is a one-woman new media phenomenon: The popular techie, gamer, vlogger, and digital influencer has an army of nearly 3.5 million subscribers across multiple YouTube channels, with total views approaching half a billion. Now, Justine is giving friends and fans a look behind the scenes, sharing never-before-told stories about the hilarious (and sometimes heartbreaking) reality of sharing your life online. With her trademark wit and delightfully weird sense of humor, Justine delivers an inspirational message in support of creativity, entrepreneurship, and the power of staying true to yourself, while reminding readers that the Internet is a very small world--you just never know who you're going to meet.

Influenced by the Marquis de Sade's work of the same name, an award-winning Scottish writer follows one Englishman's nearly hallucinatory obsession with an obscure woman depicted in a painting, who seems to come to life as identical twins. IP.

Based on the Marquis de Sade's infamous novel of the same name, this new dramatic version of JUSTINE closely follows the original story, both in spirit and in action. De Sade, with his relentless logic, attempts to prove that "virtue" as practiced by most people actually contradicts nature. The innocent maiden Justine suffers one humiliation and setback after another in her futile quest to preserve her virtue and her virginity. No one--not the nobility, not the Church, not even her sister--will step forward to help her unceasing cries for help. Finally, even the Almighty Himself turns against her, fed up with her incessant whining.

As a Ziegfeld Follies girl and film actress, Justine Johnstone (1895-1982) was celebrated as "the most beautiful woman in the world." Her career took an unexpected turn when she abruptly retired from acting at 31. For the remainder of her life, she dedicated herself to medical research and social activism. As a cutting-edge pathologist, she contributed to the pre-penicillin treatment of syphilis at Columbia University, participated in the development of early cancer treatments at Caltech, and assisted Los Angeles physicians in oncology research. As a divorced woman in the 1940s, she adopted and raised two children on her own. She later helped find work for blacklisted Hollywood screenwriters and became a prominent participant in social and political causes. The first full-length biography of Johnstone chronicles her extraordinary success in two male-dominated fields--show business and medical science--and follows her remarkable journey into a fascinating and fulfilling life.

Justine (or The Misfortunes of Virtue) is set just before the French Revolution in France and tells the story of a young woman who goes under the name of Therese. Her story is recounted to Madame de Lorsagne while defending herself for her crimes, en route to punishment and death. She explains the series of misfortunes which have led her to be in her present situation.

Meet Justine McKeen. She's the Queen of Green! She talks a little too much, bosses a little too much and tells the truth, just not all at once. She's trying to save the planet, one person at a time, and when she decides to get something done, it's a lot of fun. In Justine McKeen, Walk the Talk, the second book in the Queen of Green series, Justine decides there are too many cars idling in front of her school. So she comes up with a solution that should help keep the air cleaner. But she soon discovers not many adults trust her crazy ideas.
