Some people have powers. Some people do not. And some people just might change the world. Sarah Robertson is one of those people. Sarah is no ordinary girl: she can control the weather with her emotions. But in Doolittle Falls where superheroes walk the streets (and fly over them), Sarah's powers aren't enough for admission to the prestigious Hero Academy. Not to mention that her mother is a notorious Supervillain and the archnemesis of America's favorite Hero, Freedom Man. Instead of being accepted to the school of her dreams, Sarah is marked as an outcast with powers - a Misshape. Now she's stuck with a ragtag group of fellow Misshapes, her dreams of heroism on hold indefinitely. Yet Sarah is determined to harness her powers to win a place at Hero Academy. But the path to greatness won't be easy. Her brother's rebellious streak is starting to wear thin, she has an intriguing (and smoking hot) new mentor, and an unexpected romance blooms with superstar Hero Freedom Boy. And when Doolittle Falls comes under threat of annihilation, Sarah has to prove there may be more to the Misshapes than everyone thinks. And she may just kick some Supervillain butt in the process.

Sarah Robertson's less-than-super powers relegated her to a group of misfit heroes known as 'Misshapes', who banded together to save their town of Doolittle Falls. Now, after an exciting summer fighting storms, Sarah returns home a different girl in the second book in this heroic series. Doolittle Falls is in chaos, and with the election of a new President, things take a dark turn. Heroes are given extraordinary freedom with results that are less than super - and certain people have a vendetta against Sarah's mom, aka Lady Oblivion, and the entire Robertson family. Johnny and Alice are too preoccupied with their band to help, Freedom Boy is off shooting a movie, and Butters is in a Karaoke battle of epic proportions, so Sarah takes the investigation into her own hands, and must uncover the true reason behind her mother's turn from Hero to villain. Soon Sarah discovers a devastating secret that could topple the nation, and if Sarah and the rest of the Misshapes don't stop this looming threat, the world as they know it faces annihilation. The adventure continues in one of the coolest new adventures series for Young Readers, The Misshapes leap off the page like your favorite comics.

The relationship between popular music and fashion has been a culturally significant one since the 1950s, and this book explores how music and musicians play a key role in the shaping of identity, taste and consumption. Using a range of historical and contemporary examples, this book uncovers the way in which fashion and music have worked to shape contemporary attitudes to bodies and identities. Focusing on performers as much as fans, on the mainstream as much as the underground, Fashion and Music provides a lens through which to examine themes of gender, sexuality, ageing and youth, ethnicity, body image, consumer culture, fandom and postmodernity.

If we remember them at all, the Sheffield pop group Pulp are remembered for jolly class warfare ditty 'Common People', for the celebrity of their interestingly-named frontman, for the latter waving his arse at Michael Jackson at the Brit awards, for being part of a non-movement called 'Britpop', and for disappearing almost without trace shortly after. They made a few good tunes, they did some funny videos, and while they might be National Treasures, they're nothing serious. Are they? This book argues that they should be taken seriously –very seriously indeed. Attempting to wrest Pulp away from the grim jingoistic spectacle of Britpop and the revivals-of-a-revival circuit, this book charts the very strange things that occur in their records, taking us deep into a strange exotic land; a land of acrylics, adultery, architecture, analogue synthesisers and burning class anger. This is book about pop music, but it is mainly a book about sex, the city and class via the 1990s finest British pop group.

This extensive collection of portraits ranges from punk rockers to artists, downtown kids to musicians and celebrities including Madonna and Michael Stipe, all posed amidst the scene's dense and riotous environment. Documenting style, fashion and attitude!

Although fifteen-year-old Sarah has the ability to control weather with her emotions, her powers are not special enough to receive admission to Hero Academy.
