For those attracted to the occult, the author of "Nocturnal Witchcraft" presents a collection of magickal techniques for working with dark forces.

This companion to "Nocturnal Witchcraft" contains exclusive material taken from the author's own "Book of Shadows." Includes nocturnal rituals for the sabbats and the Dark and Full Moons.

Embrace the shadows and explore the dark side of magick.

Embrace the shadows and explore the dark side of magick with this boxed set of Konstantinos favorites. Nocturnal Witchcraft introduces how to work with lunar powers and spiritual entities that prefer the darkness. Learn to cast a nocturnal magick circle, skry the night, open the gates to the underworld, and use dark symbols in your night rituals. Expand your connection to the dark ether and the unseen world with Gothic Grimoire. This book features techniques and rituals taken directly from Konstantinos' personal magickal notebooks, including the Nocturnicon, rites for overcoming obstacles that appear in the life of the nightkind. From astral travel to working with thoughtforms, The Nocturnal Witch Collection will help you connect with the positive side of the dark-ness.

Now you can learn how to evoke and communicate with 50 spirit entities and make use of their abilities, when you get Summoning Spirits by Konstantinos. Evoking spirits is one of the most powerful magical techniques you can use-but, until now, most of the material available on evocation has been virtually unusable because it was written by those with little practical evocation experience. Summoning Spirits was written by a practicing magician who has successfully performed many evocations. With his guidance and clear directions, performing evocations will be easy and safe for anyone. ·Learn to safely evoke powerful spirits to aid you with any task ·Create sigils charged with the energy of spirits to magnify the effects of your evocations ·Make an etheric egregore, a manufactured spirit that will perform the task of your choice ·Perform easy exercises to train your magical abilities and to develop clairvoyance and clairaudience ·Construct, prepare, and use special magical tools to aid your evocations · Summoning Spirits is a complete manual for evoking entities to effect positive changes in your life. Learn how the spirits that dwell on the other planes can be evoked to the astral and

physical planes to help you obtain mystical abilities, locate hidden "treasure," and even command a spirit "army" to protect your home while you're away. *Summoning Spirits* describes the specific attributes and abilities of 50 entities that you can evoke to uncover valuable knowledge, and who will help you succeed in nearly any task, magical or mundane. Whether you need help to face life's challenges or to work a minor miracle, you will find the art of magical evocation a tremendously potent tool for change. Included are information and theory, as well as full instructions for all the rituals you will need to prepare for and then evoke spirits. No other book makes this ancient magical technique as easy to understand and use, as does this one. That's why you must get *Summoning Spirits*.

How does one become—or kill—a werewolf? Where do our modern shapeshifting stories come from? Are werewolves real? In this fascinating book, Konstantinos digs into the centuries-old myths and compelling scientific evidence surrounding these enigmatic beasts of literary and Hollywood fame. Explore four different types of werewolves: involuntary, voluntary, otherdimensional beings, and astral. Find out which kinds of werewolves might actually exist. Learn about the shapeshifting beliefs of the Quileutes and other Native American tribes. Discover lycanthropic legends from cultures all over the world. You'll also find true, never-before-published accounts of werewolf sightings and discussions of modern scientific theories that support the existence of these mysterious creatures. Each aspect is investigated, from curses and shamanic vision quests to drug-induced hallucinations and serial-killer werewolves.

Tales of mysterious blood drinkers & life-stealing phantoms have fascinated & terrified people from all over the world for centuries. What is the truth behind the legends of the undead? For the first time ever, here is convincing evidence that vampires really exist- & that the actual truth about vampires is stranger than anything you may have read, heard or dreamed about! *Vampires: The Occult Truth* contains first-hand accounts of encounters with vampires & vampirism of all types-the ancient undead of folklore, contemporary mortal blood drinkers who believe themselves to be vampires, & the most dangerous of all: psychic vampires who intentionally drain the life force from their victims. *Vampires* is the first book to consider vampires from an occultists point of view, & to present solid esoteric theories to explain their existence. You'll read case histories of real modern & historical contacts with vampires & victims of vampirism-including those personally encountered by the author himself- & you'll learn a simple yet powerful technique that will protect you from attacks by psych.

Modern technology has given us powerful new tools for an age-old dream: seeing and speaking with the dead. Using things you probably already own - such as a camcorder, computer, or tape recorder - you can contact departed loved ones or other spirits, record their images and voices, and establish two-way communications between the worlds. *Speak with the Dead* also details the more traditional methods of seance, trance, and scrying. You don't have to be a "techie" or an occultist to use any of these techniques. This book will guide you to one of the most awe-inspiring experiences you'll ever have - making contact with deceased loved ones and other souls. *Speak with the Dead* is the first book in the modern marketplace to focus on practical, usable techniques for communicating with spirits. This book shows you seven methods for spirit contact: -catching Electronic Voice Phenomena on tape -using radio noise to provide spirits with a voice -capturing ghostly images on videotape -letting spirits use your computer or telephone -scrying, establishing telepathic contact with the dead, and holding a seance. *Speak with them. They're waiting.*

The reasons are many--proof of survival, descriptions of the afterlife, words of love, resolution of conflict; a farewell never spoken-but the search for communication with those who have died

is as old as the human race. Maybe just reading about these conversations between the worlds is not enough for you. Maybe you want to experience these life-changing exchanges for yourself. If so, *Contact the Other Side* is the book you are looking for. This is not just another collection of stories describing other peoples' experiences. It is filled with simple, clear instructions that will give you a range of methods for seeing, hearing, and speaking with the dead. In recent times, technology has given us powerful new tools for making these contacts. Using things you probably already own like a camcorder, computer, or tape recorder, you can contact departed loved ones or other spirits, record their images and voices, and establish two-way communications between the worlds. The more traditional methods of seance, trance, and scrying are also detailed. Best of all, you don't have to be a "techie" or an occultist to use any of these techniques-they are written so any ordinary person can simply choose whatever technique feels best. The benefits to be gained from communicating with those on the other side are wide-ranging, and are unique to each of us. But there is one thing that is of great interest to most people-the departed are the only ones in a position to definitively answer the age-old question "What happens to us when we die?"

Modern practicing occultists have argued that renowned horror writer H. P. Lovecraft was in possession of in-depth knowledge of black magick. Literary scholars claim that he was a master of his genre and craft, and his findings are purely psychological, nothing more. Was Lovecraft a practitioner of the dark arts himself? Was he privileged to knowledge that cannot be otherwise explained? Weaving the life story of Lovecraft in and out of an analysis of various modern magickal systems, scholar John Steadman has found direct and concrete examples that demonstrate that Lovecraft's works and specifically his Cthulhu Mythos and his creation of the *Necronomicon* are a legitimate basis for a working magickal system. Whether you believe Lovecraft had supernatural powers or not, no one can argue against Lovecraft's profound influence on many modern black arts and the darker currents of western occultism.
