J. M. Adovasio has spent the last thirty years at the center of one of our most fiery scientific debates: Who were the first humans in the Americas, and how and when did they get there? At its heart, The First Americans is the story of the revolution in thinking that Adovasio and his fellow archaeologists have brought about, and the firestorm it has ignited. As he writes, " The work of lifetimes has been put at risk, reputations have been damaged, an astounding amount of silliness and even profound stupidity has been taken as serious thought, and always lurking in the background of all the argumentation and gnashing of tenets has been the question of whether the field of archaeology can ever be pursued as a science."

The spiritual leader of Eckankar tells stories about small miracles and gifts from God that happen in everyday life--the spiritual good news of today--as he helps readers see the deeper truths from within and apply them to life now.

Interwar era efforts to expand US radio into China floundered in the face of flawed US policies and approaches. Situated at the intersection of media studies, technology studies, and US foreign relations, this study frames the ill-fated radio initiatives as symptomatic of an increasingly troubled US-East Asian relationship before the Pacific War.
