Revised by Fiona Chou, University of California San Diego, and Matthew Will, University of Indianapolis, this manual provides detailed solutions to the end-of-chapter problems. There is consistency between the solution approaches in the examples featured within the text and those presented in the manual.

Prepared by Bruce Swenson of Adelphi University, provides detailed solutions to the end of chapter problems. This manual is available bundled with the text for students to purchase by permission of the instructor by ordering ISBN 0072976322.

Prepared by Bruce Swenson of Adelphi University, the student solutions manual provides detailed solutions to the end of chapter problems. The author's involvement in the completion of the Solutions Manual ensures consistency between the solution approaches in the examples featured within the text and those presented in the manual. This manual is available bundled with the text for students to purchase by permission of the instructor.

The integrated solutions for Bodie, Kane, and Marcus' Investments set the standard for graduate/MBA investments textbooks. The unifying theme is that security markets are nearly efficient, meaning that most securities are priced appropriately given their risk and return attributes. The content places greater emphasis on asset allocation and offers a much broader and deeper treatment of futures, options, and other derivative security markets than most investment texts. Bodie Investments' blend of practical and theoretical coverage combines with a complete digital solution to help your students achieve higher outcomes in the course.
