As he writes in The Mysticism of Sound and Music, “Before its incarnation the soul is sound. It is for this reason that we love sound.” The basis of this notion can be traced to the Vedanta, one of the six major philosophical systems (darshans) of India, which speaks of Nada Brahma, the Sound-God. As Khan says, “the sound that is God, of ...

The Mysticism of Sound. By Hazrat Inayat Khan. Abstract sound is called sawt-e-sarmad by the Sufis; all space is filled with it. The vibrations of this sound are too fine to be either audible or visible to the material ears or eyes, since it is even difficult for the eyes to see the form and color of the ethereal vibrations on the external ...

The Mysticism of Sound & Music - Series II, Part IV \$ 15.00 The teachings contained in this volume represent the fruit of Sufi mystic Hazrat Inayat Khan's (1882-1927) lifelong study of sound and music as a musician and philosopher whose geographical, artistic and spiritual peregrinations encompassed multiple continents, musical genres, and ...

Music, according to Sufi teaching, is really a small expression of the overwhelming and perfect harmony of the whole universe—and that is the secret of its amazing power to move us. The Indian Sufi master Hazrat Inayat Khan (1882-1927), the first teacher to bring the Islamic mystical tradition to the West, was an accomplished musician himself. His lucid exposition of music's divine nature has become a modern classic, beloved not only by those interested in Sufism but by musicians of all kinds.

First published in 1923, this classic volume contains timeless teachings on the nature of vibration and harmony as the basis of all

creation. Transcending the barriers of religious traditions, *The Mysticism of Sound* explores profound and universal truths in a personable manner that will appeal to any seeker on the path of illumination.

The Mysticism of Music, Sound and Word presents an essential part of the highly practical philosophy of Hazrat Inayat Khan. Born a musician, music and sound were for him the essence of life. Even when later he had to give up his practice of what in Indian philosophy is called struck music, the unstruck music remained with him, and increasingly so. Not only did he enjoy it in his meditations and all through life, whether in silent nature or in the roaring streets of Manhattan. In its fullness, it came out in his discourses and other presentations he made to the amazed and yet not fully understanding public of the West in the twenties. His realization of sound and music transformed his words into living beings, attuning the atmosphere, bringing inspiration to the public. This volume presents various aspects of his music. It contains four parts. In *The Mysticism of Sound*, the basic philosophy is given in a wide context. Both the abstract and some very practical aspects are covered. Music presents the mystic aspects of music besides relating its philosophy to the practical side again. It presents a beautiful early view of Indian music and it relates music and colour.

File Type PDF The Mysticism Of Sound And Music The Sufi Teaching Of Hazrat Inayat Khan

Moreover, the psychic and healing powers are discussed. The Power of the Word and Cosmic Language elaborates these influences both philosophically and practically. The book really may be called mysticism in daily life.

Four books containing most of the master's teachings on sound and music. Inayat Khan was a musician of renown and often expressed himself in musical terms; in this he followed the ancient Sufi saints and mystics. The Mysticism of Sound; Music; the Power of the Word; and Cosmic Language.

"The lecture series presented here, include "The Mysticism of Sound," "Music", "The Power of the Word", and represent the harvest of Hazrat Inayat Khans lifelong cultivation of the transformative power of music and soundas much, at least, as could be rendered in words. For decades, these fascinating discourses have provided inspiration not only to Sufi practitioners, but also to musicians working in various genres. It is hoped that this new edition will bring Hazrat Inayat Khans spiritual philosophy of music to a new generation of divers for pearls in the ocean of the human heart."
