? Patrick O'Brian, The Nutmeg of Consolation For action, this book is a bit light. There is a bit of fighting when the crew of the shipwrecked HMS Diane are trying to building a schooner. Tobacco and alcohol might soon run out and the ship is nearing St. Famine's day (not marked by a famine of food, but smokes and booze). Things might get rough.

Patrick O'Brian's Aubrey-Maturin tales are widely acknowledged to be the greatest series of historical novels ever written. Now, for the first time, they are available in electronic book format, so a whole new generation of readers can be swept away on the adventure of a lifetime. This is the sixteenth book in the series.

The story picks up from the end of 'Blue at the Mizzen' when Jack Aubrey receives the news, in Chile, of his elevation to flag rank: Rear Admiral of the Blue Squadron, with orders to sail to the South Africa station. This novel, unfinished and untitled at the time of O'Brian's death, would have been a chronicle of that mission, and much else besides. The chapters left on O'Brian's death are presented here both in printed version - including his corrections to the typescript - and a facsimile of his manuscript, which goes several pages beyond the end of the typescript and includes marginal notes by O'Brian. And so this great 'roman fleuve' comes to an end with Jack, with his 'sacred blue flag', sailing through fair, sweet days - Stephen with his dissections and new love, Killick muttering darkly over the toasted cheese... Of course, we would rather have had the whole story; instead we have this proof that O'Brian's powers of observation, his humour and his understanding of his characters were undiminished to the end.

Now in its second edition, this expanded work catalogs every person, animal, ship and cannon
