Most renewable energy systems aren ' t new, but their use is. This handbook shows how each of the main renewable energy technologies works, along with step-by-step details of how it ' s installed, as well as the pros and - at least as importantly - the cons of each type of installation.

The authors spent seventeen days at the Morgan factory in Pickersleigh Road, Malvern Link recording step-by-step - from customer ' s specification sheet to finished car - how individual craftsmen handbuild a Morgan. Follow this amazing journey through the factory, from craftsman to craftsman, by word and picture.

The concise history of the Bugatti Type 57, 57S, 64 & 101. The magnificent Type 57 was the final flowering of the genius of Ettore and Jean Bugatti, and the last truly new model from Molsheim, France. Packed with over 300 images - mostly contemporary - this book is recognised as THE standard reference on the 57 and its close relatives.

Available again after a long absence! Always big on character and charm, Fiat ' s little cars played an important international roll in providing affordable and practical private transport for millions who had previously thought their dream impossible. With particular emphasis on the now classic 600 and Nuova 500 cars, this book tells the full story of these ' baby ' Fiats. Built, and exported to, many countries outside of the marque ' s native Italy, over 6.5 million Topolinos, 600s and Nuova 500s were sold, and an amazing number survive to this today. Also covered are the wonderful models built on these cars ' tiny chassis by Italy ' s leading coachbuilders, and the motorsport success achieved by the Abarth versions of the little cars that everybody loves.

Carrying on Adrian Streater ' s tradition of exemplary Porsche 911 technical guides, this book contains everything a 997 owner needs to know, plus a lot more. From engines and transmissions to engine management software - no matter what model of 997, it ' s all covered here.
