2nd Edition Stuttering & Anxiety Self-Cures (SAC) is believed to be unique in that it offers concrete, step-by-step methods to self-cure stuttering, a disease that many doctors and speech therapists have characterized as "incurable" --all written by an author who has self-cured and has helped (and is helping) others self-cure. This SAC-2nd Edition provides a very real, living, breathing, human story of the author's 25-year battle to overcome stuttering (as a young attorney who couldn't say his own name in court), and this 2nd Edition reveals what the author has learned by be-Friending on Facebook some 2,000 people who stutter (PWS) and actively communicating with 100+ PWS and Skyping with 10-20 of same weekly for the past year. Most compelling, those, who have Skyped with the author regularly, have self-cured. The author has given his book away to countless PWS, and he provides his coaching on Skype at no charge. Anyone who stutters, or who suffers speech-anxiety, should read this unique book and contact the author (at info@leeglovett.com) and launch their own self-cure.
